The United States District Court, District of Nevada, Southern Division has a need to purchase a DNS/DHCP AD Integrated Appliance. The court seeks a vendor/contractor who can provide such equipment/service.

Product/Item information is provided as a part of this RFQ. Prices shall be submitted on a **firm-fixed price basis**. Award will be made to only one vendor/contractor. The order shall be awarded to the vendor/contractor providing the **lowest price overall/total and whose equipment/service is technically acceptable**.

In your written response please indicate if there are any quantities or products/items on this list that your company cannot provide. It is important that all products/items listed in this RFQ be OEM (new) products/items. Due to quality and compatibility issues in the past this is a requirement and products/items that are considered to be similar or compatible shall not be accepted.

In your written response please indicate if there are any conflicts or special requirements needed. Please give **OPEN MARKET PRICING**. Include any and all applicable costs in order to complete this order. Such costs include but are not limited to shipping & handling, labor, installation, training, etc. and any other costs needed to complete this order in your written response.

The Government reserves the right to make an award based on the initial proposals/quotations if no clarifications are requested, therefore, the vendor/contractor should submit their best pricing with their proposals/quotations.

Proposals can be submitted via email, fax or hand delivered to the Contracting Officer, Bryan Hughes. Contracting Officer's contact information is included in this RFQ. Please respond by 12:00 p.m. (PST) on 7/20/2011. Any quotations received after that date and/or time shall be rejected.
